### **DEVERON PROVIDES CORPORATE UPDATE**

Deveron Resources Ltd. (TSXV-“DVR”) (“Deveron” or the “Company”) is pleased to provide an update on recent activities and future plans.

Deveron has completed all required work to earn a 100% interest in the Nechako property, subject to a 2% net smelter return royalty payable to the underlying vendor and a 1% net smelter return royalty payable to Greencastle Resources Ltd. (TSXV-“VGN”). Assays are pending on rock, soil and silt samples collected late in 2012.

Since Deveron’s successful Initial Public Offering in November 2012, management has been focused on advancing the Nechako property and evaluating new project opportunities with the objective of securing a second project. Deveron has 11,794,505 common shares issued and outstanding. Greencastle Resources owns 7,569,505 shares or 64%.

The Nechako property, covering approximately 13,000 hectares (28 claims), is located approximately 100 kilometres southwest of Vanderhoof, central British Columbia, in the developing Blackwater gold camp, where New Gold Inc. has recently delineated an open-pit resource of over 10 million ounces of gold.
